

## From Margins to Miracles: Changing Lives Daily

**AT RAMDHANU, EVERY MONTH IS A TESTAMENT TO  
RESILIENCE, HOPE, AND TRANSFORMATION. MARCH WAS  
NO DIFFERENT.**

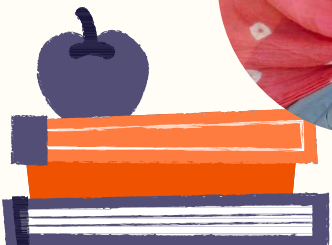

**MARCH HAS BEEN AN EXTRAORDINARY MONTH FILLED  
WITH IMPACTFUL INITIATIVES, COLLABORATIONS, AND  
INSPIRING MOMENTS. HERE'S A GLIMPSE OF WHAT WE  
HAVE ACHIEVED TOGETHER:**

## Women Empowerment Month: A Celebration of Strength and Change

This month, we dedicated our efforts to celebrating women empowerment, ensuring that women and young girls receive the support they need to lead healthier, more independent lives. As part of this initiative, we distributed more than 500 sanitary napkins among young women in Kolkata and tribal villages, raising awareness about menstrual health and hygiene. Our goal remains to break the stigma surrounding periods and ensure that no girl misses school due to lack of access to basic hygiene products.

## Period Poverty Campaign

Understanding the struggles many young girls and women face due to lack of access to menstrual hygiene products, we launched our Period Poverty Campaign in both urban and rural areas. With the help of volunteers and well-wishers, we distributed sanitary napkins and conducted awareness sessions on menstrual health and hygiene, ensuring no girl has to miss school due to this basic need.

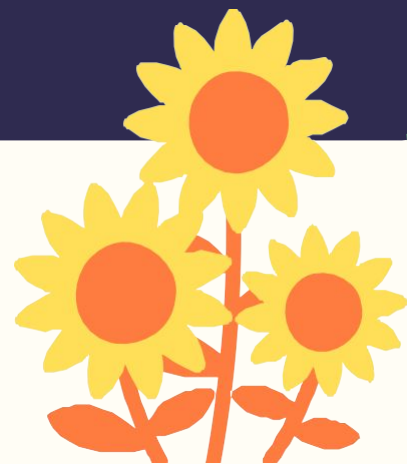

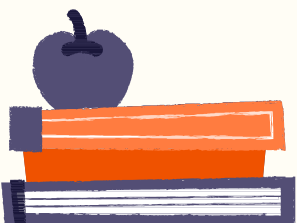

## Collaboration with Cognizant Outreach program

We are thrilled to announce our partnership with Cognizant Outreach Program. This collaboration is set to bring valuable learning resources, mentorship programs, and digital literacy initiatives to the children of Ramdhanu, further strengthening our mission to provide holistic education and empowerment.

## Exchange Program : A cultural & educational journey

This month also marked a unique Exchange Programme, where a young girl from the USA volunteered with us, teaching our children basic Mathematics and Science. Her presence not only provided valuable academic support but also fostered cultural exchange and new learning experiences for both the children and the volunteer. She also played a crucial role in helping set up our exhibition stall, ensuring that the children's handmade products were beautifully displayed. These interactions are instrumental in broadening perspectives, fostering inclusivity, and creating a sense of unity among the youth.

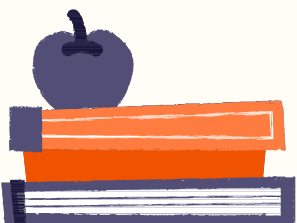

## Storytelling session : Igniting Imagination

March saw a heartwarming storytelling session where children dived into the magical world of books and imagination. We were honored to have renowned storyteller Maia from Tanzania and Priyanka from Kolkata lead the session, captivating the children with their engaging narratives. Their storytelling not only entertained but also inspired the young minds to explore the world of books and creative expression.

**Learning Centre in Murgaboni :  
A work in progress**

A dream in the making! We have initiated the process of setting up a Learning Centre in Murgaboni village to provide continuous education and a safe learning environment for children. Once completed, this centre will not only cater to academic needs but also focus on skill-building and overall development, empowering young minds to break free from poverty through education.

Ensuring that no child goes hungry, we have been consistently distributing nutritious food to children in both Murgaboni village and Kolkata. Proper nutrition is the foundation for good health and learning, and we are committed to making sure that every child under our care receives wholesome meals daily.

## Training Tribal Women for Financial Independence

Empowerment begins with economic independence. This month, we intensified our efforts to train tribal women in various vocational skills, helping them become self-sufficient and financially independent. Through initiatives like Hopes and Hues, these women are learning embroidery, stitching, and other crafts that will help them sustain themselves and their families.

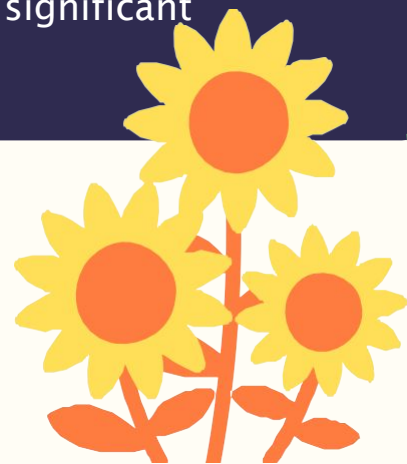

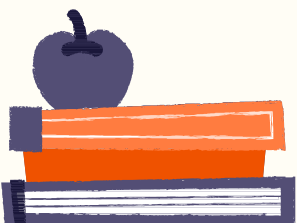

## The Trunk Exhibition : Showing Creativity

Our talented children and women artisans showcased their handmade embroidered shirts, tote bags, stoles, painted coasters, and stunning artwork at The Trunk Exhibition. This initiative under Hopes and Hues not only highlighted their creativity but also contributed to their financial independence, making a significant impact in their lives.
